## Glossary.

### Umkhehlo.\*\*

Uyini umkhehlo. Lomcimbi wenziwa ngaphambi nje kodwendwe, wenzelwa kwamakoti. Intombazane ingakhehlwa uyise uma esebona ukuthi isilungele ukuyogana. Abaningi abakwazi lokhu ngoba sekwaduma ukuthi intombi ikhehlwa umyeni wayo.

### Lobola\*\*

an African custom by which a bridegroom's family makes a payment in cattle or cash to the bride's family shortly before the marriage. Word origin of 'lobola' from Nguni ukulobola to give the bride price.

### Umabo\*\*

After the \*lobola negotiations between the respective family members of the bride and groom have been satisfactorily concluded, the couple, if they can afford it, will proceed to umabo, the traditional Zulu wedding, where another set of cultural practices must be adhered to.

### Umembeso\*\*

While many people conflate lobola and umembeso ceremonies, they are in fact separate concepts, even when they are performed on the same day. While Lobola can most easily be described as a 'bride price', something with a specific monetary value attached to it, umembesoor izbizo as it's also referred to, is the giving of gifts to the bride's family, specifically the bride's mother, as a way of thanking her for raising the groom's soon-to-be wife.

*\*This indicates that they may be variations to the final pricing and may require further consultations. All destination events are priced according and may include travelling costs and accommodation. All services require a 50% nonrefundable deposit and final payment to be done 2 weeks before the date of the event.*
